

Mrs. Eisterhold

Hello, my name is Mrs. Tina Eisterhold and I am very excited to be teaching once again at Saint George and to greet all my 5th grade students. Teaching has always been my dream, and getting to also share my faith makes that dream all that much better. Before taking this teaching position I taught at Linn Elementary for the past 13 years, and was in State government for 20 years before going back to college for my degree in teaching. I am also a wife, mother of three, and have two wonderful grandsons. My husband Rich and I live in Rich Fountain where we are parishioners at Sacred Heart Catholic Parish. Our children Daniel, Quince Marie and son-in-law, Shrey, and Andrew all live nearby on the family farm. This means that we get to spend a lot of time with them and plenty of time with our handsome grandsons, Zayden and Emric. They are our greatest accomplishments in life! We also have two little fur babies that we love, Joely and Chloe. Our home is on the family farm and we truly enjoy the peace and quiet farm life brings. We spend a lot of time outside, on our back porch, and cooking some really great food. Beyond that I enjoy creating artwork, crafting, traveling, and doing science projects with my grandsons. Though I love having time with my family during the summer, I can't wait for school to start and to be with my students again.
